Subject:	RE: Land adj 87 Woolston Ave, Congleton ref: 08/1421/FUL	Show full header

Dear Mr Goodchild,

I write in response to the informal submission of the site investigation report for the above site. Please accept my apologies for the delay in responding.

The phase I Desk Study Report (DVD) is satisfactory and recommends intrusive investigation, which appears to have been undertaken, and is detailed in the submitted hard copy report. Unfortunately this report has no information with regard to the laboratory analysis of the soil samples taken on site and it does not hold any information with regard to the author of the report.

As such, I would be grateful if you could provide the laboratory data and details of any remedial measures that have been proposed. It would also be of help if you could provide us with the contact details of the author of the report so that the Council's Scientific Officer can liaise with him directly.

I trust that this is of some assistance, but should you have further queries regarding the above, please do not hesitate to contact me.

Robert Law
