

## GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2018/0171

**To** WYG  
WYG First Floor  
The Pavilion  
Botleigh Grange Office Campus  
Hedge End  
SO30 2AF

**DESCRIPTION** Erection of 2 detached dwellings with associated car parking, landscaping, bin storage and alteration to pub vehicular access

**LOCATION** Land adjacent The Kings Head Inn, Darton Lane, Mapplewell, Barnsley, S75 6AP

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 12 February 2018 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.  
**Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.**
- 2 The development hereby approved shall be carried out strictly in accordance with the amended plans (Nos.SP05, SP04, 343-10, 18.3044.104 P4, 18.3044.103 P2, 18.3044.102 P2, 18.3044.101 P2, 18.3044.100 P6) and specifications as approved unless required by any other conditions in this permission.  
**Reason: In the interests of the visual amenities of the locality accordance with Core Strategy Policy CSP 29, Design.**
- 3 Upon commencement of development details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.  
**Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 29, Design.**
- 4 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.  
**Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.**

- 5 The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times.  
**Reason: To ensure that satisfactory off-street parking/manoeuvring areas are provided, in the interests of highway safety and the free flow of traffic and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.**
- 6 Pedestrian intervisibility splays, having the dimensions 2m x 2m, shall be safeguarded at the drive entrance/exit such that there is no obstruction to visibility at a height exceeding 1m above the nearside channel level of the adjacent highway.  
**Reason: the interest of road safety in accordance with Core Strategy policy CSP26.**
- 7 Sight lines, having the dimensions 2.4m x 45m, shall be safeguarded at the drive entrance/exit, such that there is no obstruction to visibility at a height exceeding 1m above the nearside channel level of the adjacent highway.  
**Reason: the interest of road safety in accordance with Core Strategy policy CSP26.**
- 8 All redundant vehicular accesses shall be reinstated as kerb and footway prior to the development being brought into use.  
**Reason: the interest of road safety in accordance with Core Strategy policy CSP26.**
- 9 All surface water run off shall be collected and disposed of within the site and shall not be allowed to discharge onto the adjacent highway.  
**Reason: In the interests of highway safety in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.**
- 10 The site is located in a coal mining referral area due to the probable presence of shallow coal and possible unrecorded shallow coal mine workings. The development could potentially be at risk from mining legacy issues such as ground instability or fugitive gas migration. The coal mining risk assessment undertaken by Demeter Environmental ref 17-05-03 concludes that intrusive ground investigations must therefore be undertaken by a suitably qualified person to evaluate ground conditions and potential mining legacy risks. The site investigation and subsequent development must be undertaken in compliance with Construction Industry Research and Information association publication 32 'Construction over abandoned mine workings' where applicable. Prior to the commencement of development a report detailing the findings of the investigations and any recommended mitigation shall be submitted for approval in writing to the Local Planning Authority. The development thereafter shall be carried out in accordance with the approved details. Responsibility for securing a safe and sustainable development rests with the developer and/or landowner.  
**Reason: In accordance with the NPPF sections 120 and 121 - Land stability.**
- 11 Prior to the occupation of the dwellings, the mitigation measures detailed within the Acoustic Report by AB Acoustics dated October 2017 shall be fully implemented and shall be retained for the lifetime of the development.  
**Reason: In order to protect the amenity of the future occupiers of the dwellings in accordance with policy CSP40 of the Core Strategy.**

12 No development shall take place until:

(a) Full foul and surface water drainage details, including a scheme to reduce surface water run off by at least 30% and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority:

(b) Porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways;

(c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways;

Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development.

**Reason: To ensure proper drainage of the area in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.**

### **Informative(s)**

*Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.*

*Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:*

- a fine of up to £50,000 and
- up to six months imprisonment on conviction

*Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.*

- 1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. It should also be noted that this site may lie in an area where a current licence exists for underground coal mining.

Further information is also available on The Coal Authority website at:  
[www.gov.uk/government/organisations/the-coal-authority](http://www.gov.uk/government/organisations/the-coal-authority)

Property specific summary information on past, current and future coal mining activity can be obtained from: [www.groundstability.com](http://www.groundstability.com)

- 2 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 3 The developer must contact Highways & Engineering tel 01226 773555 prior to any work commencing on-site, to gain all necessary technical and legal approvals relating to the creation/alteration/reinstatement and removal of vehicular accesses to the highway.

Signed   
Joe Jenkinson  
Head of Planning and Building Control

Dated 23 May 2018

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

## **NOTES:-**

### **Appeals to the Secretary of State**

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

### **Purchase Notices**

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

### **Compensation**

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
